

# Shakespeare 425-C Classic VHF Antenna

## 5' (1.5m) VHF Marine Band 3dB Gain

One of Shakespeare's most economical and value-packed VHF antennas, the Classic 425-C is ideal for day-to-day cruising in calm to moderate seas. This 5' digital antenna is complete with an integral polycarbonate mount for deck mounting as well as a leveling plate and installation hardware. The brass and copper elements offer optimized performance while surrounded by a durable radome.

- Brass and copper elements
- Mounting hardware included

## Specifications
